

## Gerard Grech

Gerard Grech (@ gerardgrech) is the founding Chief Executive of Tech Nation, an organisation focused on accelerating the growth of high-growth digital businesses in the UK. He is also a governing board member of Europe's largest arts centre, the Barbican and a member of the UK Government's Digital Economy Council and the World Economic Forum's Digital Europe Board.

A veteran of digital media, web and mobile, Gerard's international experience in London, Paris and New York, building digital products and rolling them out across 5 continents has given him global vision and local expertise, spanning product development, business strategy and venture capital.
